

KAYA

Fräsch was founded on the belief that creating healthy and beautiful office environments leads to a happier and highly motivated workforce.

KAYA

Screening Acoustic System

Kaya is a dynamically modular, acoustic building block system. With an industrial aesthetic, Kaya can be configured in an almost unlimited variety of options to desired length, height and direction—let your design and architectural imagination run free when creating dividing walls, rooms and spaces within building envelopes. Create apertures and openings, doorways and corridors...the possibilities are endless. Each building block's double-wall design provides stability and optimal sound absorption by creating an internal air cavity. Kaya is offered in multiple, standard-sized blocks designed to geometrically interlock with each other to produce stunning "space within space" architecturally striking, acoustic wall assemblies.

Application Space Division

Components

- Single - 16.5" L x 10" W x 16.5" H
- Double - 33" L x 10" W x 16.5" H
- Triple - 49.61" L x 10" W x 16.5" H
- Quad - 66" L x 10" W x 16.5" H

Coverage

Coverage is dependent on size of project and configuration of assembly.

Material Content 9 mm 100% PET (55% recycled content)

Fire Rating Class A per ASTM E-84, based on 9mm white

Acoustics

NRC 0.35 0.54 0.85 1.22 0.75

NRC rating is based on one full sheet of 9mm PET material

Environment Low VOC;
Post-Consumer Recycled Content
100% Recyclable

Installation

Product is assembled by customer using built in friction slots.

Hardware
NONE

Country of Origin USA

Warranty 2 Years
