

SWARM

Fräsch was founded on the belief that creating healthy and beautiful office environments leads to a happier and highly motivated workforce.

SWARM

Screening Acoustic System

As a modular, self construct and free standing system, office spaces can now be divided into an array of almost infinite configurations to suit any size or footprint open plan office environment. The system can be assembled to a desired length, height or linear configuration to divide an open plan footprint while offering an incredible acoustic presence within the space. The system can also be disassembled and rearranged as a day two scenario which allows for an ever changing office landscape if necessary without having to employ costly, invasive onsite contracting work to demolish and reconstruct partition systems. Swarm would also mitigate the need to redesign or perform any civil MEP works if the office landscape had to undergo a landscape revision. An entire building envelope can now be designed into a practical, cost effective, acoustic working landscape.

Application Space Division

Component: Single Swarm - 36" L x 32" W x 12.5" H

Coverage
Covers approx 75 sq feet

Material Content 12 mm 100% PET (55% recycled content)

Fire Rating Class A per ASTM E-84, based on 9mm white

Acoustics

NRC 0.35 0.54 0.85 1.22 0.75

NRC rating is based on one full sheet of 9mm PET material

Environment Low VOC;
Post-Consumer Recycled Content
100% Recyclable

Installation

Product is assembled by customer using built in friction slots.

Hardware
NONE

Country of Origin USA

Warranty 2 Years

Designed by
